Dear Friends,

RSU #1 values parental and community involvement in our schools and created School Advisory Groups (SAG) for each school. Though Arrowsic has no school, they will still create a SAG and that process will be funneled through the selectmen. As you know, individual communities no longer have school boards and the SAG was established to insure a vital link to each school/community.

If you were to consider becoming a member, we hope that your positive spirit would bring fresh ideas, support and energy as we work together to build the very best school system in the state of Maine. We simply can't do it ourselves so we reach out to all of you to join in this effort. We are proud to be the first new school system in Maine in the last fifty years; now we want to create the best school system in Maine for the next fifty years. Please be part of this journey and send in this application.

Sincerely,

William C. Shuttleworth
Superintendent
